

MANY TONS OF ICE USED BY RAILROAD

The I. C. Distributed 214,200
Pounds in District.

New Air Service Installed in Tank
Repairing Plant—Plans for
Home-Coming.

LOCAL RAILROAD PERSONALS

The Illinois Central Railroad company is one of the few companies which furnishes its employees ice, and the expense entailed in this is no small item. The road formerly cut its ice during the winter on northern lakes and shipped it over the system, but in this section the company did away with shipments because it could be contracted for cheaper with manufacturers.

The Princeton, Ky., ice company was awarded the contract for this end of the Paducah district and the first month when ice was used generally by the road here the expense amounted to a great deal, as will be seen from figures showing the consumption by Paducah and two auxiliary stations.

During May the ice requisitions show a total of 214,200 pounds of ice consumed. The road, of course, does not pay the price paid by consumers in Paducah, but taking it at the rate of Paducah consumers it will mean a total expense for the month for ice amounting to \$856.80. This will show the expense the road goes to for the convenience of its employees. The practice was begun about five years ago and the Illinois Central was among the first to inaugurate the feature.

New Air Service.

The tank repairing shed of the local Illinois Central shops has been fitted out with an up-to-date air service for the operation of forges, air hammers, drills and other apparatus used in repairing tanks. Formerly all air connections were made by a hose stretched from a cock in the planing mill. Now the shed is supplied with fittings within easy reach of the boilermakers and the improvement is one of great convenience. The fittings were finished yesterday.

Home-Coming Plans.

Elizabethtown, Ky., the home of the Illinois Central shops, is to have a Home-Coming and the date has been fixed for the 18th and 19th. The Illinois Central shops were removed to Paducah from Elizabethtown many years ago and there are many men who came with it, still working for the road. There are several dozen employees of the local Illinois Central in different departments who came from Elizabethtown and a plan has been set afoot among them to get up a party to go. Ed Wheeler is one of the promoters of the idea, and stated that the inclination to make the Home-Coming a success is strong, and many will go from Paducah.

Railroad Personals.

A. H. Egan, superintendent, and F. L. Thompson, roadmaster of the Louisville division of the Illinois Central, were in the city last night on business.

Thomas Watson, night ticket agent for the Illinois Central, has recovered after a week's illness and last night assumed charge of his office again. His place had been filled by Operator James, of the day force, and Operator James' place was filled by C. A. Carrahan. Mr. Carrahan will go to Panama canal to work, having received an offer of a good position.

Mr. C. W. Wooldridge, the I. C. pattern-maker, is ill today and unable to be on duty.

BRYAN MOVEMENT AIMED AT HEARST

Tom Taggart Will Throw Indiana for Nebraska.

Missouri and Arkansas Have Endorsed Him for Democratic Leadership in 1908.

WASHINGTON IS INTERESTED

Washington, June 7.—The eyes of the Democratic leaders of the nation are turned on Indiana. The announcement from Indianapolis that the Democratic state convention will endorse William J. Bryan, and probably declare for him for the presidency, has aroused much talk. For obvious reasons this action is regarded as significant.

It is generally understood through out the country that the convention will be dominated by Thomas Taggart, the national chairman, and the reasons which prompt Mr. Taggart to put through an endorsement of Mr. Bryan, while not known definitely, are affording a fertile theme of speculation.

Friends of William R. Hearst find in this contemplated action of the state convention a sinister purpose to head off the Hearst movement in Indiana.

It is pointed out by disinterested observers that an endorsement of Bryan by the state convention this year would have no binding effect on anybody, and that it may serve a useful purpose in keeping the Hearst movement out of Indiana.

Arkansas for Bryan.

Hot Springs, Ark., June 7.—A resolution endorsing William Jennings Bryan as the candidate of the Democratic party for president in 1908 was adopted by acclamation and amid the wildest enthusiasm by the Arkansas Democratic state convention today. The resolution was introduced by Chancellor Humphreys, of Washington county. Friends of William Randolph Hearst endeavored to stay the Bryan tide.

Missouri Lines Up.

Jefferson City Mo., June 7.—What is generally regarded as the most significant feature of the Democratic state nominating convention held here yesterday was the pointed and absolute endorsement of William Jennings Bryan for the presidency in 1908 by David R. Francis, of St. Louis, former governor and secretary of the interior in President Cleveland's cabinet.
